

## Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, June 20.—Stocks made general, though not complete recovery today from their heaviness of the preceding session. The trading element seemed less concerned about affairs in Mexico, and prices were actually at their best immediately after publication of the state department's note to the Mexican government.

Dealings were broader, but smaller in the aggregate, with a liberal admixture of short covering. Mexicans as a group regained 2 to 3 points. Reading almost 2 points, the prominent motors were better by 2 to 3 points and shipping shares one and a half to three.

War shares were variably higher for a time, particularly the equipments but these, too, proved susceptible to realizing, with coppers and zinc shares such inactive shares as American Tobacco, Sears Roebuck and Woolworth responded to light buying based on favorable trade reports.

Total sales of stocks amounted to 445,000 shares.

Sterling showed a slight recession and another shipment of gold from Canada brought the total receipts of that metal from the Dominion up to slightly more than \$65,000,000.

Bonds were again under pressure. Total sales, par value, \$2,850,000. United States four declines 3/4 percent on call, with Panama unchanged.

### CHICAGO GRAINS.

CHICAGO, June 20.—Unwelcome weather both in the Southwest and the Northwest tended today to force up the price of wheat. Largely in consequence the market finished strong, 3/4 to 1 1/2c higher, with July at 1.03 1/2, and September at 1.05 1/2. Corn gained 1/4 to 1 1/2 to 1 3/4 at 1 1/2, and oats 3/4 to 1/2 to 3/4. In provisions, the outcome varied from 5c decline to a rise of 20c.

Wheat values received their greatest upward impetus from the fact that widespread rains threatened interference with harvest operations in the winter crop states, especially Kansas and Illinois. Higher quotations from Liverpool and a decline in ocean freight rates tended also to induce buying.

Just before the close, the wheat market suddenly tightened to the highest point of the day, as a result of sellers having awakened to the fact that one of the strongest concerns on exchange had absorbed all the surplus offerings.

Corn bulged in price, owing to cold weather, and too much rain. The scantiness of receipts was a feature. Oats were more uniformly in demand than other cereals.

Heavy realizing sales by holders of hard and ribs caused at one time a sharp setback in provision prices. The final average of quotations, however, showed a net gain in accord with an advance in the value of hogs.

BOSTON, June 20.—The market held well today and stocks well bought. The timid are out of the market and on favorable news from Mexico the market should advance sharply. There is quite an extended short interest and this makes the situation stronger. Would only buy on weak spots for the time being, taking advantage of any bulge to sell out on until the atmosphere clears up. The coppers and rails should do much better.

## MINERS SINK CASH IN NEW GILA MINE

Leo Bigley, representative of the Inspiration Needles Mining Company, of Miami, Arizona, arrived in Bisbee yesterday. He opened offices this morning with L. J. Overlock where he will remain several days in the interests of the Miami mining concern. He is in charge of an allotment of copper stocks to be distributed in this city and vicinity.

Inspiration Needles has but recently been placed on the market. It is a property located at the extreme end of the town of Miami in the Live Oak gulch, straddling the canyon, and adjoining the properties of the Miami and Inspiration Copper Companies, of Miami. It has been under development for the past several years and was located prior to the location of the now well known Inspiration copper deposits.

More than 800 miners made application for stocks in the Inspiration Needles when it was placed on the market in Miami. Only 100,000 shares were allotted to the Miami district, and they were sold through a bank in that city. In six hours after the allotment had been opened subscriptions for more than 200,000 shares had been received. Among those who purchased the stock listed in the Miami district were miners and mechanics working in the Miami and Inspiration mines, officials of these mines and of the Old Dominion, and many business men of Gila county living in Globe and Miami.

Among the officers of the company are H. S. Molloy, formerly in charge of the Nevada Copper Company at Ely, Nevada, and later superintendent of the Belmont mine, at Tonopah, who is managing director of the property. John S. Cook, formerly a partner of George Wingfield, a prominent Nevada mining man and now a banker in Globe, is also connected with the organization. Under the direction of Malloy further development work will be pushed immediately with drills and other materials recently purchased and now being placed in position on the property.

## MRS. MAY'S LETTER TO WOMEN

More Proof that Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Chicago, Ill.—"I suffered from a bad case of female ills. Lydia E. Pinkham's Vegetable Compound was recommended and I took about six bottles. It fixed me up all right. The common symptoms of such a condition—a pain when walking, irritation, bearing-down, pains and backache, nervousness and disordered digestion—soon passed away. I look much better now than I did before, and I recommend the Compound every time for female troubles. As it did for me all it is claimed to do. You have my permission to publish this letter." Mrs. J. MAY, 3548 S. Lincoln St., Chicago, Ill.

If you have any of the symptoms mentioned in Mrs. May's letter, remember what Lydia E. Pinkham's Vegetable Compound did for her, and try it yourself. It is a good old-fashioned medicine, made from roots and herbs, and it has helped countless numbers of women.

If you need special advice, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.
